Welcome To **Pastel**

Founded in 2022, Pastel Hospitality is a Bangkok-based F&B company established in a wonderful location in the city, renowned for its nightlife, Sukhumvit Soi 11. The story began with three lifelong friends, Jules PIERREFITTE, Dylan COHEN and Maxime LE BRETON, who share the same passion to art, fashion, food and entertainment worked on the same way to build Pastel Rooftop which allow them to bring their high-end concepts and passion for service to life.

Pastel has quickly gained its fans through its unique experience, guided by the brand's core values of distinctive design, exceptional service and palpable atmosphere which, the three businessmen believe, are the combination to create extraordinary moments for every guest.

Pastel also aims to be an innovative company with a new approach to hospitality storytelling. Passions are in the air at this iconic place, as brand love, valued customers and skilled talents brought together.

“We are here to make sure
your time is worthwhile
and full of joy. That’s our
way to define our real
success.”
